

Fire Safety Awareness

Fire Safety Awareness is unlike any other fire safety training. It's a high-impact programme designed to be fun and get people fully involved.

The course avoids the use of off-putting legal language. Instead, the jargon-free content is based on what people need to know in practice.

Who is *Fire Safety Awareness* for?

Fire Safety Awareness is for people at any level, in any sector worldwide, who need a grounding in the essentials of fire safety.

What does the business get?

- Peace of mind from training that's designed and quality-controlled by IOSH, the Chartered body for safety and health professionals
- Minimal disruption to working days and shifts – the programme is delivered in just half a day, including the assessment
- Efficient and effective learning – fire safety basics are covered in a single, self-contained session

- Globally-recognised, respected and certificated training for your staff
- Memorable and thought-provoking facts and case studies from around the world, to help reinforce learning throughout the course

Fire Safety Awareness covers...

- Effective fire evacuation
- Roles and responsibilities in a fire emergency
- Fire and firefighting equipment
- Identifying workplace fire hazards

Successful delegates are awarded an IOSH *Fire Safety Awareness* certificate.

What results can I expect?

- Improved organisation-wide fire safety awareness culture and appreciation of fire safety measures
- Active staff involvement to improve the workplace
- Enhanced reputation within the supply chain

Fire Safety Awareness is delivered by IOSH's network of approved training providers.
